Nursery
☐ Ensure dormant plants are being watered.
☐ Maintain plants until restoration trip.
☐ Bring plants inside during freezes (32°F or lower) and turn water off to your nursery! Return plants to nursery when it warms up and turn water back on.

Restoration Trip
☐ Establish student planting teams prior to trip.
☐ Give student photo releases and 4 sets of completed bus reimbursement documents to Pam on day of restoration trip.
☐ Turn water off to nursery and drain pipes after restoration trip is complete.

On-Going
☐ Check timer battery indicator light and irrigation system twice a week.
☐ Empty and wash yellow cells that do not have seedlings.
☐ Weed control.
☐ Communicate any concerns to CR staff.

CR Compendium Highlight
A food chain tutorial and game for elementary grade students from EcoKids website (p. 43).
